

Harrow High School Menu Statement

Harrow High School is a genuinely diverse community and we take great pride in the cohesion of this community. To this end, we work hard with our catering partners, Harrison's, to ensure our school menu caters for the tastes and requirements of all our young people.

Halal meats are served in some main dishes alongside vegetarian, fish and non-Halal options.

All our menus are clearly labelled to ensure that learners can make fully informed choices about the food they eat.
